Dear Mr. Hedberg:

Subject: Identification of Kennecott Utah Copper Corporation's Mine Waste Rock
Disposal Areas for Permit Number M/035/002

During the first quarter 2004, the Division expressed some confusion over the naming of waste rock disposal areas in relation to which areas are reclaimed each year. To provide a better understanding of waste rock reclamation activities, names were added to the waste rock disposal areas. Enclosed is a copy of Kennecott Utah Copper Corporation's Reclamation Activities Plan for 2004 with labels identifying each waste rock disposal area.

If you have any questions about the map, please call me at 569-7120.

Sincerely,

Paula Doughty
Director Environmental Affairs
